A heart-felt "thank you" to all of our beloved Deltas, past and present, and their wonderful families whom we count as part of our own. You are part of some of the most wonderful memories and special relationships that we have ever experienced. Through good times, bad times, triumphs and tragedies, we've experienced it all with you, and it has been an unexcelled honor and privilege to be part of your experiences in that way. We will miss you more than you can know.

Our relationships are absolutely secure, so far as we are concerned - only our dealings about ΔΔΔ matters specifically are off-limits to us. Thank you so much for letting us matter to you. I only wish that that did not translate into such pain under this circumstance. ❤️

**Kyleigh Johnson** Thank you, Papa and Mama Henry for being there for us every step of the way. Though you all did not get involved heavily until later into my junior year, I will never forget how you were there when we needed you most. When you helped organize the chapter to raise money for West, TX on Dia. How you were the first to stand up when the trip to Memphis in 2013 was first organized and willingly spent bus rides and a weekend with 100 girls, many still strangers, to make sure they were safe. Cannot forget all of the sacrifices you both made just to make sure some college girls stay focused throughout college. You challenged us to hold ourselves to the highest standard, whether academically or in deed. Though you both were not my advisor very long, when I think of my Beta Tau experience you two are the first thing to come to my mind. Thank you for your gracious hearts!
